

SHORT SPEAKER BIOGRAPHY

Tom Reveley is a technology leader, cyber security speaker and independent adviser with more than 20 years of experience. A Fractional CTO and the founder of IT Manager Services Ltd, he helps business leaders make better decisions about technology, cyber security and AI. Tom is a Chartered IT Professional, a Fellow of BCS, The Chartered Institute for IT, and the author of Digital Hostage: Email Under Siege. His keynotes turn complex risks into clear, practical questions without technical jargon or scare tactics.
